

Problem Set - 9

Introduction

Welcome to the 9th problem set of MLOO1! In this problem set you will find some problems to do by yourself.

In this problem set, you will learn one algorithm which is DBSCAN

- 1.) DBSCAN:- <https://en.wikipedia.org/wiki/DBSCAN>

Write a full algorithm of DBSCAN using sklearn api and what are the pros and cons of that.

Submission Guidelines:-

You have to submit it through our official discord server and forms are provided on the course website to submit your problem set and you can discuss your answers in the discord community.
